Mobile: (+88) 017 1137 9218

Address: Taltola Masjid Lane, Khulna City, Khulna

---

### Summary:

Looking for a challenging role in a reputable organization to utilize my technical, web development, and IT support skills for the growth of the organization as well as to enhance my knowledge about new and emerging trends in the IT field.

---

### Skills:

- **Programming Languages:** Python, JavaScript – enabling custom scripting for effective troubleshooting and automation of support tasks.
  - **IT Skills:** IT Administration, Systems Troubleshooting – ensuring optimal performance and uptime through proactive monitoring and efficient issue resolution.
  - **Web Development:** React.js, Next.js, Tailwind CSS - leveraging modern front-end technologies to build dynamic, responsive and optimized web applications.
  - **Technical Tools:** Microsoft Office Suite (Word, PowerPoint, Excel) – proficient in utilizing advanced features for documentation, creating engaging presentations, and data analysis
  - **Soft skills:** Problem-solving, Excellent Communication, Attention to Detail, Team Collaboration – essential for delivering quality support, maintaining operational excellence, and fostering a cohesive team environment.
  - **Language Skills:** English (Professional working proficiency), Bangla (Native proficiency)
- 

### Training and Workshop:

- React Internship for 1 month organized by *Appstick IT Firm*, Khulna.
  - IT Support for Office Management organized by *EDGE, Khulna University*, Khulna.
  - JavaScript for Beginners organized by SkillUp from Simplilearn. ([visit](#))
  - Machine Learning with Python organized by freeCodeCamp. ([visit](#))
- 

### Projects:

#### Car Renting Website ([Visit](#))

Frontend | Next.js, Tailwind CSS

- Developed a dynamic car rental website using Next.js for fast rendering and Tailwind CSS for responsive, mobile-first design.
- Implemented multiple car categories (e.g., Sedans, SUVs, etc.) and the ability for users to select a car for rental, enhancing the site's usability and user experience.
- Integrated localStorage to store user account information (e.g., username, contact details) securely on the client-side for session persistence.

## **Treatos BD ([Visit](#))**

Flutter | Php Laravel

- Developed a responsive, user-friendly e-commerce android application for users to search, buy and keep track.
  - Users can track their product, save a product as favorite.
  - Implemented a search functionality so that user can search for products with certain keywords from over 200 products.
  - Account less ordering, making a hassle-free experience. Order via phone number and cash on delivery.
- 

## **Education:**

**Bachelor of Science: Computer Science and Engineering**

**CGPA: 3.70 out of 4.00**

University: Northern University of Business and Technology, Khulna

Graduation Year: 2024

**Higher Secondary Certificate: Science**

**GPA: 4.17 out of 5.00**
